Dear Dermot,

The Department of Jobs, Enterprise and Innovation PSEU Branch welcomes your proposal to update the structures and procedures in regard to Employment Rights and Industrial Relations. We hope that this will not only improve the Department's services for workers in Ireland but will also provide upskilling and career opportunities for our members. We trust that your proposals will in no way diminish workers' rights or indeed diminish the current working conditions for our members.

We look forward to further discussions as soon as your initial proposals are ready.

Yours sincerely,

Rhona MacSweeney
A/Chair
